Project Experience

Rodale(Runnersworld) U.S.A	May-2014-to-May-2015
Project	:This project having detailed description of training and tips for runners in the world
Tools & Technologies	: Lamp, Xampp and Drupal technology

OS	: Windows 7
Role and Team Size	: Senior Developer, 5
Domain	: Health
Responsibilities	:

1. Developing the modules as per design with proper coding standards and unit testing.
2. Developing Business Layer and DAO layers
3. Participating in client calls, design review, code walkthrough and unit test cases walkthrough.

Project Experience

Rodale(Menshealth) U.S.A May-2014-to-May-2015

Project : This project having detailed description of training and tips for menshealth

Tools & Technologies : Lamp, Xampp and Drupal technology

OS : Windows 7

Role and Team Size : Senior Developer, 5

Responsibilities :

1. Developing the modules as per design with proper coding standards and unit testing.
2. Developing Business Layer and DAO layers
3. Executing unit tests on Developed functionality

Project Experience

Rodale(Womenshealth) U.S.A May-2014-to-May-2015

Project : This project having detailed description of training and tips for womenshealth.

Tools & Technologies : Lamp, Xampp and Drupal technology

OS : Windows 7

Role and Team Size : Senior Developer, 5

Responsibilities :

1. Executing unit tests on Developed functionality
2. Participating in client calls, design review, code walkthrough and unit test cases walkthrough
4. Involved in bug fixes and unit testing.

Project Experience

Rodale(bicycling) U.S.A May-2014-to-May-2015

Project : This project having detailed description of training and tips for bicycling

Tools & Technologies : Lamp, Xampp and Drupal technology

OS : Windows 7
 Role and Team Size : Senior Developer, 5
 Responsibilities :

1. Executing unit tests on Developed functionality
2. Participating in client calls, design review, code walkthrough and unit test cases walkthrough
4. Involved in bug fixes and unit testing.

Project Experience

Rodale(fitbie) U.S.A May-2014-to-May-2015

Project : This project having detailed description of training and tips for fitness
 Tools & Technologies : Lamp, Xampp and Drupal technology

OS : Windows 7
 Role and Team Size : Senior Developer, 5
 Responsibilities :

1. Executing unit tests on Developed functionality
2. Participating in client calls, design review, code walkthrough and unit test cases walkthrough
4. Involved in bug fixes and unit testing.

Project Experience

Rodale(Rodalenews) U.S.A May-2014-to-May-2015

Project : This project having detailed description of Rodale News.
 Tools & Technologies : Lamp, Xampp and Drupal technology

OS : Windows 7
 Role and Team Size : Senior Developer, 5
 Responsibilities :

1. Executing unit tests on Developed functionality
2. Participating in client calls, design review, code walkthrough and unit test cases walkthrough
3. Involved in bug fixes and unit testing.
